Well it's been another year and World Geography was great fun. And what about Chemistry. I didn't have a clue. I think you are a pretty funny guy. Riley McBee likes you and you know it because he liked your brother. Well keep studying and come back ready to get straight one's. Yes Right.
Anyway have a good summer and take care.

"The Year of What You Want to Happen."

We are promised the pursuit of happiness;
We are not promised happiness itself.
We are promised equality of opportunity;
We are not promised riches.
We are promised freedom to speak and write;
We are not promised wisdom.
We are promised liberty:
We are not promised peace.
Things promised, put together with action, get us
the things that we are not promised.
We are promised the year that we want;
We are not promised that year without the
involvement and action of each of us.
New and continuing students, this is your year.
Make it happen!

Dear Vikings:

Your yearbook staff has invited me to make a statement for the 1982 Valhalla prior to my retirement. I am intensely proud of Sunnyslope High School and especially the staff, the many students and parents who helped make it what it has become. Therefore, I have readily accepted the invitation as it probably provides my last opportunity to leave a message for posterity.

In order for you to understand where you are today and what you can become, it is important that you have an understanding of your history. Your high school opened with a student body of 407 students in September of 1953. The facilities were inadequate and the curriculum limited. Students could register for a maximum of four classes and for several years we were on double sessions or an extended day. Needless to say, Sunnyslope had one of the poorest images in the whole area. Your school rose from this humble beginning to become one of the most respected high schools in Arizona.

Sunnyslope High School has many traditions such as the Viking located in front of the school, the "S" on the mountain, the S.H.S. formed by a hedge which was planted by a former Science Club. The Hall of Fame, track record display, overloaded trophy cases and Student of the Month pictures all provide challenges for new Vikings. In the library there are scrapbooks, yearbooks and school newspapers that record the entire 29 year history of Sunnyslope High School. The "Silver Jubilee Book" and its yearly supplements provide a living record of all important Viking achievements. Some of you will find your parents listed.

Because former Vikings dared to dream, the addition of the auditorium and the 81st Air Force Junior R.O.T.C. unit have added new dimensions to your opportunities.

You have a clean, attractive school plant, staffed by capable, caring people and outstanding student leaders who have been excellent role models. These things, with which you have been blessed are very fragile, and I admonish you to take care of and to continue to improve them in the Viking tradition.

The "Class of 82" will always be special to me, because we will "graduate" together. However, most of you took four years while it took me seven times that long!

Always remember - that you are needed, that you can contribute, and that "a Viking is somebody".

My blessings are with you,

Kenneth E. Coffin

I don't care who I marry just as long as she's beautiful, intelligent and calls me GREG, not Russ. The plural of Wilfert is not Wilfi. I want to see everybody back here at the 80 year reunion.

WILFERT, Russ: Football 1; Basketball 1,2,3,4; Track 1,2,3; N.H.S. 3,4; Spanish club 3.4. Amb.: The difference between Greg and I is not that I'm gonier, but that his ears stick out more than mine. I'd like to see Schunn's '56 F-100 and Uncle Rick Mobile all in perfect condition someday. Someday I'm going to embarrass Jeff in a hoop contest. Yes! I want to have an excellent life with a nice gal and have a good career in some type of engineering.

WILMOT, Naomi: Amb.: To live forever with my wonderful Guy and be happy — I know I will be! To always stay cool with "Platy." To get my license before Kelly - maybe.

WOHLERS, Peter: Track 1; N.H.S. 3,4; Drama 3,4; French club 1,2; Amb.: To follow my own lead, write classical music, to never eat fish for breakfast, to not talk to Mr. Roarke too often, to spend many a night performing at the Gardens, to never forget Christman parties, machines, or Oleander hedges. To live in a world where affluence isn't a measure of worth. To never be never. By the way, did you hit anything? I have it.

WOOD, Tracey: Junior Civitans 2; N.H.S. 3,4; Speech 4; French club 1,2,3,4. Amb.: To always give my love and support to David. To be as nice to everyone like Lisa and Laurie are. To always blame myself for not being close friends with Roxanne and Laurie. To give best wishes to Elizabeth, Rhonda and Todd. To thank MaryKay for being my friend and not thinking I was a flake like Michon said I was, to live in Calif and be rich - hopefully with Dave. And to someday in the future give Dave his Blue Ribbon!

YOUNG, Jill: Vikettes 1,2; Model U.N. 4; Speech 1,2,3,4; Spanish club 1,2,3,4; German club 4; Flag Corp 3,4; N.F.L. 3,4. Amb.: To have an excellent time in Europe this summer when Kelli and I go. To always be Kell's "best friend." To baffle everyone with a phoney vocabulary like Kim does. To be able to smile as much as Kelli, to ride with Kim and turn a corner going slower than 30 miles per hour. To take out Kim's garbage!! To major in Journalism, to get married to Dave and live in New Jersey to have a dog that not a swinebag and to please my parents in everything that I do.

ZIMMERMAN, Steve: Football 1,2; Wrestling 1,2,3; Spanish club 1. Amb.: To be as strong as Leo thinks he is. To always remember having a Filet Mignon dinner with Melinda, Marc and Kim at Melinda's house at 1:00 a.m. To keep in touch with all of my friends especially Nick and Marc. To go fishing with Nick and catch something besides a minnow. For East to someday win a football game against West. To thank Melinda for everything she has done for me and to stay with her forever. Also to thank my parents for everything that they have done for me.

Senior Class

SCHOOL
SUNNYSLOPE
HIGH SCHOOL
CLASS OF 1982
PHOENIX ARIZONA

1981-1982

If it weren't for the graduate circumstances forcing me to resign this post, I'd quit. The year was full of fun, blood and a lot of sweat, but now it is time to step down and regain my sanity. I really enjoyed overseeing this publication and it is with regret and total joy that I leave this job. Many thanks to my staff and Co-Editor for without them this years Valhalla would not be possible. Good luck to the class of '82.

To yearn is to love to love is to hate.

Tanya Newton

Some Editors in past years have criticized themselves for ever taking on the responsibility of "Editorship". They say that they "must have been crazy" or that if they knew what they were getting into, they wouldn't have accepted the title. Well, I knew when I co-signed into Editorship with Tanya that it would be really fun. I was really looking forward to the deadlines that together we would meet! What I didn't realize was that we would miss most of them. Yes, I knew of how fun it would be to miss work and some of my weekends, just to work on this honorable book! I knew as I committed myself to Editorship that there would have to be a slight bit of friction between me and the staff! What I didn't realize was how I would have an assasination attempt on my life. Yes, I fully understand and was aware of all of these fun things that I would find. So why did I subject myself to Co-Editorship? Well, really, I guess that I must have been crazy! Before I sign off, I would like to share a fine piece of poetry with the Class of '82:

> Some will smile, some will cry, and all will tell the same sad lie: I'll keep in touch, I swear its true, but few if any ever do. Some shake hands, a few embrace, and tears will fall on more than one face. Then with pain in every heart, they force a smile and classmates part. But then into the world each flies, and tears no longer cloud their eyes. Then, each one goes his separate way, and all but forgets that fateful day. Yet even after all have gone, a few sweet memories linger on: Fond memories, and sad ones too, of old friends and the things we would do. Of Prom Night or the game we should have won, and of all the things we should not have done. Of our old teachers of each old friend, why did it ever have to end? Forever gone are most of these, but we'll always have our memories . . .

I hope that this book will bring some of those "fond memories" back to you, because memories are all we have of Sunnyslope now . . .

In Appreciation

To our Staff for their seemingly unending hours of work.

To Shay Morrow for "baby sitting" the chaos in room 105.

To Elizabeth Allingham for her artistic skill
and assistance in the design of this cover.

To Dick Bulkeley and his Photo Staff for all
their diligent work.

To our Parents for understanding the "late hour"
in order to meet the deadline.

To Joan Boss for her unending patience and knowledge.

To the Advertisers, for there would be no Yearbook
without their support.

To the Valhalla purchasers for making this Yearbook worthwhile
so that we may all have memories in the years to come of
Sunnyslope High School 1981-1982.

The Coffin Years

p.p. 228-229

Coffin serves SHS 28 years

Don Smith, now assistant principal, was the first teacher hired by Coffin. Here they confer on recent matters.

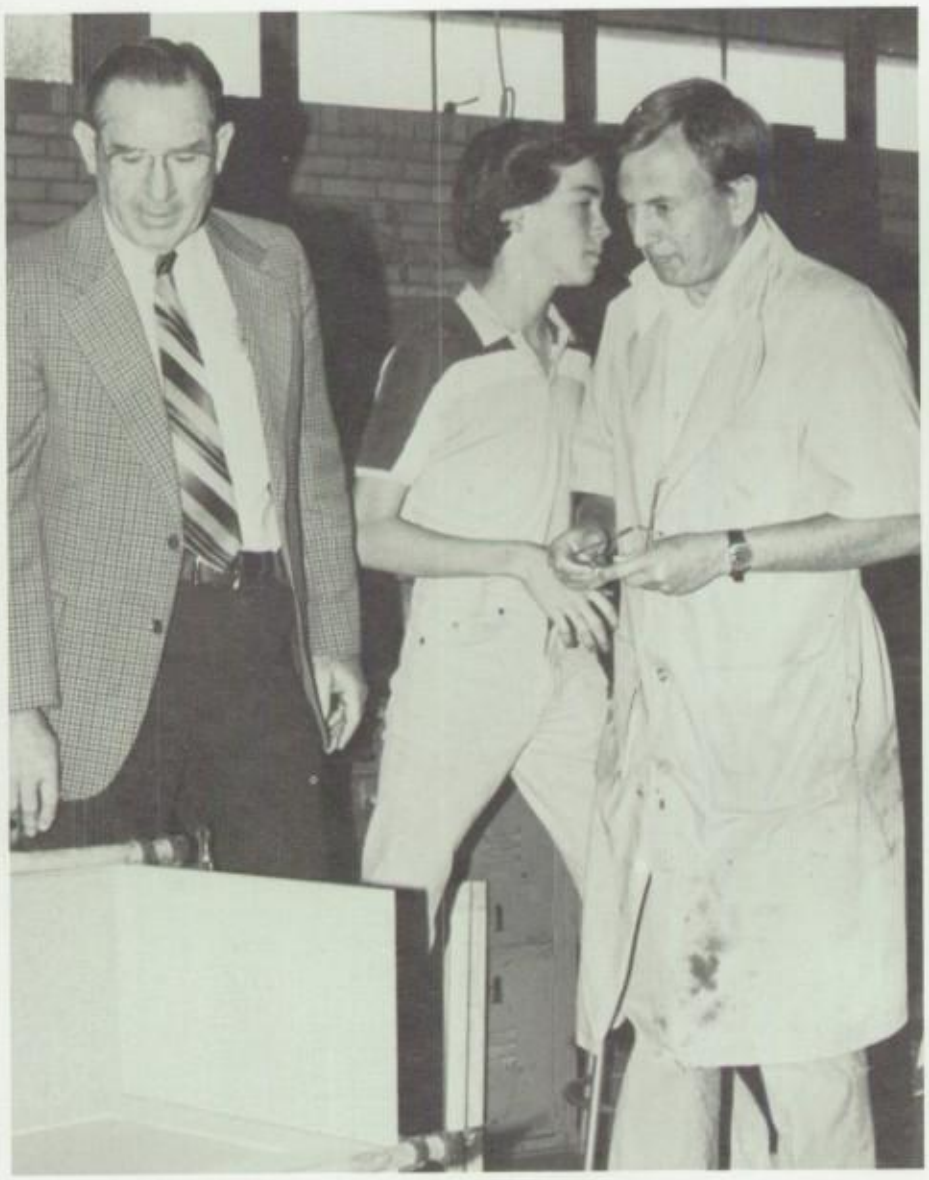
Coffin in the 1955 VALHALLA

In 1977 the principal attended the AFJROTC Military Ball and posed with the honorees.

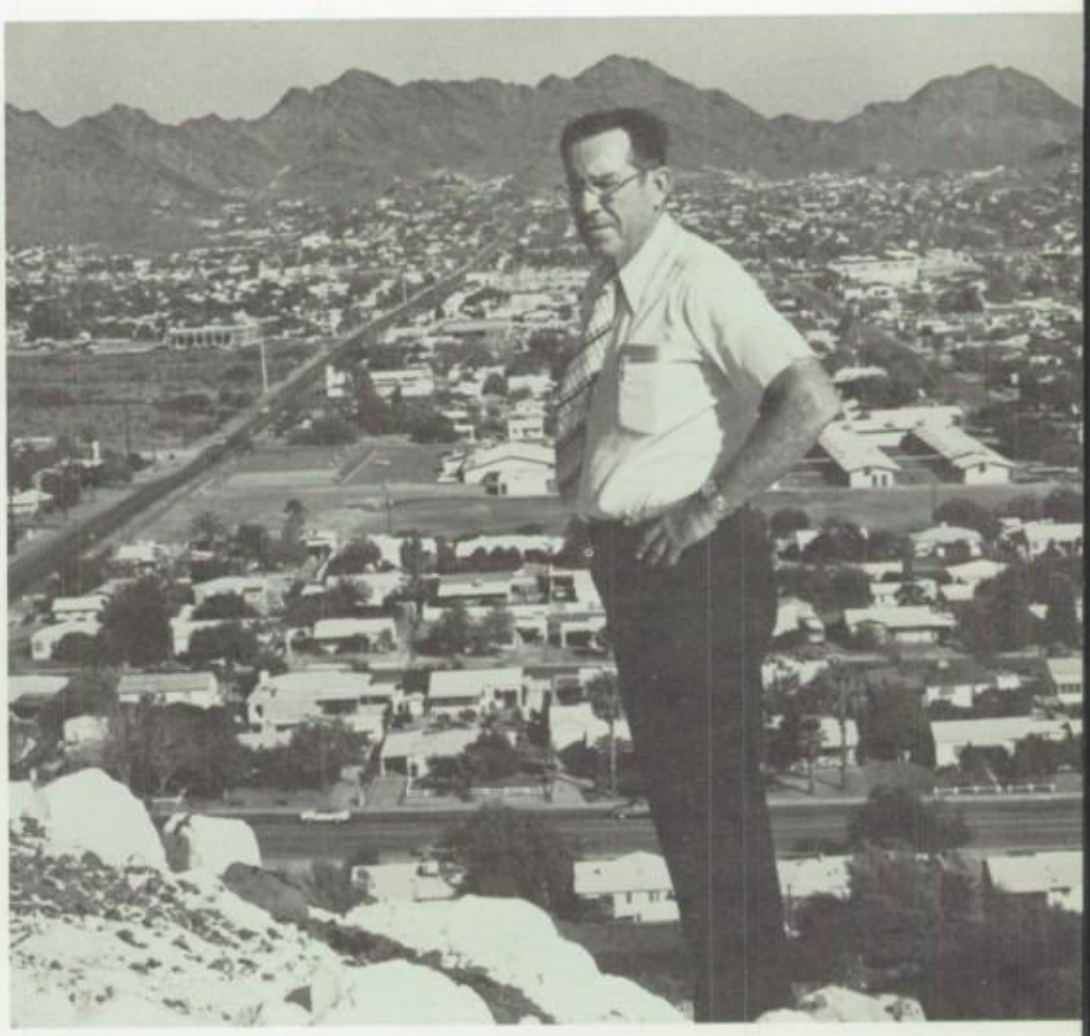
For the 1977 Faculty Follies the principal doned a beard just as he had in the first follies in 1965. Some things don't change.

A closeness with community and parents has always been his goal. Here the Viking leader attends an early track meet and chats with a parent.

In 1959 the local PTA honored him at a "This Is Your Life" program in the cafetorium. His daughter Dian and wife Marietta joined the festivities.



Coffin, a qualified industrial arts teacher himself, stops by the woodship to see projects make by Doug Benford's students.



Standing on "S" Mountain Ken Coffin can see the growth of our school and surrounding community.
